- *Topic:* Self-Management Among Early Adolescents with Asthma
- Assisted with participant recruitment in the UF Pediatric Pulmonary Clinic and training of undergraduate research assistants.

**Graduate Research Assistant**

May 2017-present

Pediatric Neuropsychology Lab

Gainesville, FL

University of Florida Department of Clinical and Health Psychology

Supervisor: Shelley Heaton, Ph.D., Pediatric Neuropsychologist

- *Topic:* Neuropsychological Performance in Clinical Pediatric Populations
- Assist with data management and analyses for various projects from a databank of neuropsychological evaluation results from a mixed clinical sample (e.g., ADHD, Traumatic Brain Injury, epilepsy) in a pediatric outpatient assessment clinic.

**Research Assistant**

Jan 2014 – Jul 2015

Center for Childhood Cancer Research

Philadelphia, PA

Children's Hospital of Philadelphia

Supervisor: Matthew Hocking, Ph.D., Pediatric Psychologist

- *Topic:* Working Memory Intervention for Pediatric Brain Tumor Survivors
- Provided consultation as a Cogmed coach to child survivors and delivered caregiver problem-solving interventions in a study examining the efficacy of Cogmed as a working memory training tool in the pediatric brain tumor population.
- *Topic:* Neurocognitive and Family Functioning at End of Therapy in Pediatric Brain Tumor Survivors
- Administered protocol in an investigation examining the relationship between neurocognitive functioning in pediatric brain tumor survivors following the completion of tumor-directed treatment and caregiver, survivor, and family functioning.
- *Topic:* Parent Perspectives on Social Adjustment in Pediatric Brain Tumor Survivors
- Helped plan, implement and perform data analyses for focus groups with caregivers of long-term pediatric brain tumor survivors to describe their perspectives on survivor social adjustment and the different factors that contribute to social outcomes.

**Research Assistant**

Sep 2013 – Jul 2015

Pediatric and Child and Adolescent Psychology Laboratory

Philadelphia, PA

Drexel University Department of Psychology

Supervisors: Brian Daly, Ph.D., Drexel University Assistant Professor; Douglas Chute, Ph.D, Drexel University

Professor of Neuropsychology

- *Topic:* Investigating Driving Risk and Behaviors of Adults with Autism Spectrum Disorder (ASD)
- Administered neuropsychology and psychosocial questionnaires and operated the Virtual Reality Driving Simulator (VRDS) to adults ages 16-50 in a study examining the driving behaviors and the contribution of

neurocognitive functioning, anxiety and self-limiting performance on driving in a community-based sample of adult drivers with ASD.

- *Topic:* Incredible Years Program
- Designed and administered an evidence-based prevention and intervention curriculum that promotes healthy development of at-risk children at Philadelphia public schools in low-income communities.
- *Topic:* Mindfun: A Gaming Platform to Improve Executive Functioning among Children with Attention-Deficit/Hyperactivity Disorder (ADHD)
- Recruited for and coordinated an investigation of the feasibility and efficacy of a gaming platform to improve executive function skills among children with ADHD.
- *Topic:* Second Step Program
- Provided consultation to teachers in implementing the Second Steps evidence-based, socio-emotional prevention curriculum to students in Kindergarten through 6<sup>th</sup> grade. Rated fidelity of implementation as well as worked with teachers to problem-solve challenges associated with effective program delivery.
- *Topic:* Executive Function of College Students with and without Childhood Trauma
- Administered a series of questionnaires regarding emotional functioning and trauma history as well as a neuropsychological battery designed to assess various aspects of executive functioning. Helped with data management, data analyses and manuscript preparation.
- *Topic:* Developmental Trauma Diagnosis Study
- Coordinated an investigation of a provisional diagnosis of Developmental Trauma for children exposed to stressful life experiences.

**Research Specialist**

Jun 2014-December 2014  
Philadelphia, PA

Spinal Cord Injury Unit

Shriners’ Hospital for Children

Supervisor: Heather Russell, Ph.D., Pediatric Psychologist

- *Topic:* Relationship between social participation, quality of life, and psychosocial factors of children and adolescents with spinal cord injuries and their caregivers.
- Recruited for, coordinated and administered protocol in an investigation examining the levels of anxiety, depression, community participation, family functioning and quality of life in children and adolescents with spinal cord injuries (SCI). Administered study protocol to families seen in a mobile SCI clinic.

**Research Assistant**

Jan 2012 – May 2013  
San Diego, CA

University of San Diego, Department of Psychology

Supervisor: Rachel Blaser, Ph.D., University of San Diego Assistant Professor

- *Topic:* Anxiolytic Effects of Nicotine on Zebrafish
- Administered experimental trials, operated EthoVision XT computer program for behavior tracking, completed data entry and data analysis.
- *Topic:* Examining the Role of Spatial Cues in a Barnes Maze Experiment Using Zebrafish
- Administered experimental trials and operated EthoVision XT computer program for behavior tracking.

**Undergraduate Research Experience**

Fall 2012-Spring 2010  
San Diego, CA

University of San Diego, Department of Psychology

Supervisors: Rebekah Wanic, Ph.D., University of San Diego Adjunct Professor, and Stephen Pearlberg, Ph.D., University of San Diego Lecturer

- *Topic:* The Role of Selective Attention in Classroom Technology Use
- Proposed and conducted a senior thesis with co-investigator, Katie Scholblaske, B.A.
- Administered trials, performed data analysis and prepared and conducted a written and oral defense.
- *Topic:* The Role of Gender in Helping Behavior
- Proposed and conducted an original observational research project with co-investigators.
- Collected data, performed data analyses and conducted a written and oral defense.

**SUPERVISED CLINICAL EXPERIENCE**

- Practicum in Inpatient/Outpatient Pediatric Hematology and Oncology** Aug 2017-present  
University of Florida Health Shands Hospital Gainesville, FL  
Supervisor: Erika Cascio, Psy.D.  
Provide inpatient consultation and liaison services and ongoing psychotherapy to youth receiving both inpatient and outpatient medical treatment at UF Health Shands Hospital for childhood cancers (e.g., cancers of the blood and bone marrow, neuro-oncology, solid tumors) and hematologic disorders (e.g., sickle cell disease, anemia). Provide inpatient neuropsychological screening assessments (e.g., abbreviated test batteries including the RBANS) and outpatient, comprehensive neuropsychological assessments for oncology and hematology patients with concerns for impaired neurocognitive functioning. Helped establish psychological services, including intervention and neuropsychological assessment, in a multidisciplinary pediatric sickle cell disease clinic. Communicate assessment findings and treatment recommendations to multi-disciplinary care teams verbally and via patient electronic medical records.
- Practicum in Intervention** Aug 2016-present  
Psychology Clinic, University of Florida Gainesville, FL  
Supervisors: Shelley Heaton, Ph.D., Jessica Payne-Murphy, Ph.D., Brenda Wiens, Ph.D., David Fedele, Ph.D., Deirdre Pereira, Ph.D., Lori Waxenberg, Ph.D., Sarah Westen, Ph.D., Erika Cascio, Psy.D.  
Conducting individual and family-based therapy in a hospital-based outpatient psychology clinic with children, adolescents, and adults for various presenting problems including behavioral, depressive, and anxiety disorders.
- Practicum in Clinical Child Assessment** April 2017-June 2017  
**Psychology Clinic, University of Florida** Gainesville, FL  
Supervisor: Brenda Wiens, Ph.D.  
Conducted psychological assessments and clinical interviews for children and adolescents with learning and intellectual disabilities, neurodevelopmental and behavioral disorders, and various internalizing and externalizing disorders. Administering, scoring, and interpreting psychoeducational assessments and preparing comprehensive psychological reports with recommendations and interpretative feedback for caregivers and teachers.
- Practicum in General Mental Health** Jan 2017-Mar 2017  
**Fear and Anxiety Disorders Clinic, University of Florida** Gainesville, FL  
Supervisors: Cyd Strauss, Ph.D. and Peter Lang, Ph.D.  
Conducted psychotherapy intake interviews with adult patients with various presenting mental health concerns, interpreted results of psychological questionnaires, and prepared comprehensive psychological reports with interpretive feedback.
- Practicum in Medical/Health Psychology** Oct 2016-Dec 2017  
Psychology Clinic, University of Florida Gainesville, FL  
Supervisors: Glenn Ashkanazi, Ph.D., Patricia Durning, Ph.D., Robert Guenther, Ph.D., Deidre Pereira, Ph.D.  
Conducted clinical interviews with adults presenting with medically related problems, cancer, adult organ transplant, bone marrow transplant, in-vitro fertilization candidates; conducted medical record reviews; interpreted questionnaires; and prepared comprehensive psychological reports.
- Practicum in Pediatric Neuropsychology** Jul 2016-Sep 2016  
Psychology Clinic, University of Florida Gainesville, FL  
Supervisors: Shelley Heaton, Ph.D., Erika Mellot, Psy.D.  
Administered and interpreted neuropsychological assessments and questionnaires with children presenting with a wide variety of medical and psychological disorders; conducted medical record reviews, clinical interviews with parents and families, and consultations with teachers and other medical providers; and prepared comprehensive neuropsychological reports.
- Center for Childhood Cancer Research**  
Children's Hospital of Philadelphia, Neuro-Oncology Department Jan 2014-Jul 2015

Supervisor: Matthew Hocking, Ph.D.

Philadelphia, PA

- Administer neuropsychological (WISC-IV, WASI-II, WJ-III, WRAML, TEA-Ch, D-KEFS), psychosocial and quality of life assessments to child and adolescent pediatric brain tumor survivors ages 6-17.
- Provide problem solving therapy to caregivers of pediatric brain tumor survivors ages 7-16.
- Provide a working memory and attention cognitive rehabilitation intervention to pediatric brain tumor survivors ages 7-16.

### **Clinical Research Department**

Shriner's Children's Hospital, Department of Psychology

Jun 2014-Jan 2015

Supervisor: Heather Russell, Ph.D.

Philadelphia, PA

- Administer psychosocial, quality of life, problem-solving and participation assessments to children and adolescents with spinal cord injuries ages 1-18 years and their respective caregivers.

### **Social-Emotional Learning Curriculum Interventions**

Jan 2014-March 2014

Pediatric and Child and Adolescent Laboratory

Philadelphia, PA

Drexel University, Department of Psychology

Supervisor: Brian Daly, Ph.D.
