Curriculum Vitae

---

## CONTACT INFORMATION

Address: Department of Clinical and Health Psychology  
University of Florida, Health Science Center  
1225 Center Drive  
P.O. Box 100165  
Gainesville, FL 32610-0165

Email: [mnetz1@php.ufl.edu](mailto:mnetz1@php.ufl.edu)

---

## EDUCATION & TRAINING

- 2014-Present **University of Florida**, Gainesville, FL  
Graduate Student, Department of Clinical & Health Psychology  
Concentration: Clinical Child / Pediatric Psychology  
Anticipated Ph.D., Clinical and Health Psychology, August 2020  
M.S., Clinical and Health Psychology, May 2016  
Dissertation: The Role of Food Allergy Management and Caregiver Distress in Caregiver-Provider Communication  
Master's Thesis: Self-Management of Asthma among Emerging Adolescents  
Mentor: David Fedele, Ph.D., ABPP
- 2019-Present **Children's Mercy Kansas City**, Kansas City, MO  
Pre-doctoral Internship, Pediatric Psychology Track
- 2008-2013 **University of Nebraska—Lincoln**, Lincoln, NE  
B.A. in Psychology with Distinction  
Senior Thesis: Social Goals in the Context of Social Information Processing: A New Coding Scheme for Open-Ended Descriptions of Goals among Children in Early Elementary School  
Chair: Jennifer Mize Nelson, Ph.D.

---

## RESEARCH EXPERIENCE

**Pediatric Behavioral Health Lab**, University of Florida

- 2018—Present **Principal Investigator**  
*The Role of Food Allergy Management and Caregiver Distress in Caregiver-Provider Communication*  
Supervisor: David Fedele, Ph.D., ABPP  
Responsibilities: Responsible for study development of dissertation project examining health communication among youth, caregivers, and healthcare providers, as well as how food allergy management and caregiver distress impact the clinical encounter. Responsible for management of IRB protocol, execution and organization of study tasks, including coordinating study recruitment, administering study protocol, serving as financial custodian, and data collection and management. Coordinate training, scheduling, and supervision of undergraduate research assistants in their involvement in study tasks, including data entry and recruitment.
- 2014—2019 **Graduate Research Fellowship**

Supervisor: David Fedele, Ph.D., ABPP

*Implementing a Healthcare Provider Education Intervention in Rural Communities to Reduce Morbidity*

Responsibilities: Assist with study coordination, including institution review board documentation for the University of Florida and the Florida Department of Health.

*mCHAMP: Mobile Childhood Health and Asthma Management Program*

Responsibilities: Assist with study recruitment and screening for participant eligibility for focus groups to inform the development of a mobile health intervention for youth with asthma and overweight/obesity. Coordinate training, scheduling, and supervision of undergraduate research assistants for study recruitment.

*ReACT: Responsive Asthma Care for Teens*

Responsibilities: Assist with study recruitment, screening for participant eligibility, and conducting in-person study visits for a pilot study examining the feasibility and acceptability of sample interfaces for use in a mobile health intervention for adolescents with persistent asthma. Coordinate training, scheduling, and supervision of undergraduate research assistants for study recruitment.

*Using Mobile Phones to Better Understand Asthma*

Responsibilities: Assist with study recruitment, screening for participant eligibility, and conducting in-person study assessments for a study using daily smartphone surveys to examine relationships between mood, stress, and medication adherence among youth with persistent asthma. Coordinate training, scheduling, and supervision of undergraduate research assistants for study recruitment.

*AIM2ACT: Applying Interactive Mobile Health to Asthma Care in Teens (R21HD083830)*

Responsibilities: Assist with study recruitment and conduct home-based study assessments for a clinical trial of a mobile health intervention addressing self-management among adolescents with persistent and poorly controlled asthma. Responsible for conducting semi-structured interviews and cleaning data from portable spirometry devices.

*Sleep Hygiene in Youth with Asthma*

Responsibilities: Assisted with study recruitment and administered questionnaires and cognitive assessments to participants for a study examining associations between sleep hygiene and health outcomes.

2014—2016

**Principal Investigator**

*Self-Management Among Emerging Adolescents with Asthma*

Supervisor: David Fedele, Ph.D., ABPP

Responsibilities: Developed study protocol for thesis project examining the division of responsibility for family asthma management and asthma-related outcomes. Responsible for management of IRB protocol, execution and organization of study tasks, including coordinating study recruitment, administering study protocol, and data collection and management.

2014—2016

**Study Coordinator, Interventionist, Graduate Research Assistant**

*Examining a Behavioral Family Lifestyle Intervention for Weight Management in Overweight or Obese Children with Asthma (ALASB88692)*

Supervisor: David Fedele, Ph.D., ABPP

Responsibilities: Interventionist for child group treatment sessions for a family-based lifestyle intervention for youth with asthma and overweight or obesity. Assisted in creation and

preparation of session manuals. Managed ongoing data analysis, cleaning, and storage for the randomized controlled trial. Responsible for overseeing undergraduate research assistants in preparing study materials and data entry. Conducted phone and in-person assessments, including conducting semi-structured interviews and collecting spirometry data. Assisted with study recruitment and participant retention.

**Developmental Cognitive Neuroscience Lab, University of Nebraska-Lincoln**

2011-2014

**Research Assistant**

*Preschool Problem Solving Study School Follow-Up (2R01MH065668)*

Supervisor: Jennifer Mize Nelson, Ph.D.

Responsibilities: Assisted in scoring standardized tests, data entry tasks, and data storage; assisted in dissemination of findings; contacted and tracked participants to schedule study visits as part of longitudinal study; facilitated collection of parent and child data via mail for participants unable to attend lab-based sessions.

2013-2014

**Child Testing Technician**

*Preschool Problem Solving Study School Follow-Up (2R01MH065668)*

Supervisor: Jennifer Mize Nelson, Ph.D.

Responsibilities: Conducted 2-hour data collection sessions with child participants, first through fourth grade. Tests included academic testing, a variety of computerized neuropsychological tests, and self-report measures.

2012-2013

**Child Testing Technician**

*Midwest Infant Development Study Event-Related Potentials Supplement Study (R01DA023653)*

Supervisor: John P. Garza, Ph.D.

Responsibilities: Trained in placing electrode caps, conducted event-related potential (ERP) data collection with child participants, and screened and scheduled families for participation.

**Pediatric Health Lab, University of Nebraska-Lincoln**

2012—2013

**Undergraduate Research Assistant**

Supervisor: Timothy D. Nelson, Ph.D.

Responsibilities: Assisted in recruitment of child participants and families in a primary care setting; assisted in various lab tasks.

**Undergraduate Honor's Thesis Research, University of Nebraska-Lincoln**

2012—2013

**Principal Investigator**

*Social Goals in the Context of Social Information Processing: A New Coding Scheme for Open-Ended Descriptions of Goals among Children in Early Elementary School*

Supervisor: Jennifer Mize Nelson, Ph.D.

Responsibilities: Contributed to study development; developed a coding scheme for the open-ended assessment of social goals within a lab-based social information processing task; applied the coding scheme to obtain and analyze data collected as part of a larger, longitudinal study.

- Arrington, E. F., **Netz, M.,** Nelson, J. M., & Espy, K. A. (2013, November). *Parental emotional expressivity, parenting style and children's social goals*. Poster presented at the Nebraska Psychological Society, Wayne, NE.
- Netz, M.,** Nelson, J. M., Arrington, E. F., & Espy, K. A. (2013, May). *Social goals in the context of social information processing: A new coding scheme for open-ended descriptions of goals among children in early elementary school*. Poster presented at the Midwestern Social Development Consortium, Lincoln, NE.
- Netz, M.,** Nelson, J. M., & Espy, K. A. (2012, November). *Demographic factors in social information processing in early elementary school*. Poster presented at the Joint Convention of the Nebraska Psychological Society and the Association for Psychological and Educational Research in Kansas, Hastings, NE.
- Netz, M.,** Nelson, J. M., & Espy, K. A. (2012, October). *Preschool executive function and relations to social information processing in early elementary school*. Poster presented at the National Conference in Clinical Child and Adolescent Psychology, Lawrence, KS.

---

## RELEVANT RESEARCH TRAININGS

### **Roter Interaction Analysis System Johns Hopkins Bloomberg School of Public Health February 2017**

Instructor: Susan Larson, M.S.

Attended three days of intensive training and instruction in the Roter Interaction Analysis System (RIAS) codes, application of the coding software, obtained support and assistance with dissertation study development, establishment of coding validity and reliability, and data management.

---

## SUPERVISED CLINICAL EXPERIENCE

### 08/2015—06/2019      **Psychology Clinic, Practicum in Intervention**

University of Florida, Department of Clinical and Health Psychology

Supervisors: Duane Dede, Ph.D., David Fedele, Ph.D., ABPP, David Janicke, Ph.D., ABPP, Cara Lusby, Ph.D., Shelley Heaton, Ph.D., Tarrah Mitchell, Ph.D., Deidre Pereira, Ph.D., ABPP, Krestin Radonovich, Ph.D., Alana Resmini Rawlinson, Ph.D., Stephanie Smith, Ph.D., Lori Waxenberg, Ph.D., ABPP, Brenda Wiens, Ph.D.

Responsible for conducting individual and family-based therapy in a hospital-based outpatient psychology clinic with children, adolescents, and adults. Treatment focused on delivering empirically supported treatment for a variety of presenting problems including emotional, behavioral, and personality disorders. Conducted child, adolescent, and adult diagnostic assessments for behavioral problems, learning disabilities, mood disorders, and personality disorders. Generated integrated reports and presented feedback to patients and families, in

addition to consultation with teachers and healthcare providers. Peer-supervised younger graduate students conducting intervention within this context.

- 08/2017—12/2018 **Food Allergy & Allergic Diseases, Advanced Practicum**  
University of Florida, Department of Clinical and Health Psychology  
Supervisor: David Fedele, Ph.D., ABPP  
Worked with Dr. Fedele to initiate psychological services in the pediatric allergy clinic. Developed brief clinic screening form, created electronic medical record documentation template, and generated organizational structure of the food allergy advanced practicum under the supervision of Dr. Fedele. Conduct brief consultation related to treatment, anxiety or mood concerns, behavioral problems, and coping for youth with allergic diseases and their families. Coordinate with UF Pediatric Allergy providers to create educational materials for families on psychosocial concerns related to food allergy and to provide appropriate referrals to patients and families.
- 08/2017—12/2017 **Endocrinology, Advanced Practicum**  
University of Florida, Department of Clinical and Health Psychology  
Supervisors: David Janicke, Ph.D., ABPP and Sarah Westen, Ph.D.  
Conducted brief outpatient consultation and liaison services regarding treatment adherence, anxiety or mood concerns, coping with new diagnoses, and transition to adult care with youth, adolescents, and young adults with Type 1 Diabetes or Diabetes Mellitus and their families in an interdisciplinary outpatient clinic.
- 05/2017—08/2017 **Inflammatory Bowel Disease, Advanced Practicum**  
University of Florida, Department of Clinical and Health Psychology  
Supervisor: David Janicke, Ph.D., ABPP  
Conducted brief consultation regarding treatment adherence, anxiety or mood concerns, coping with new diagnoses, and transition to adult care with children and adolescents with Crohn's Disease and Ulcerative Colitis and their families in an interdisciplinary outpatient clinic.
- 01/2017—05/2017 **Pediatric Infectious Disease (HIV), Advanced Practicum**  
University of Florida, Department of Clinical and Health Psychology  
Supervisor: Brenda Wiens, Ph.D.  
Conducted brief consultation regarding treatment adherence, disclosure status, emotional functioning, risk behaviors, cognitive status, coping abilities, and additional behavioral problems that may impact medical conditions and functioning in an outpatient clinic. Coordinated with social workers to obtain services for patients. Attended monthly interprofessional team meetings to consult on patient care.
- 01/2017—05/2017 **Rural School-Based Intervention, Columbia County School District, Advanced Practicum**  
University of Florida, Department of Clinical and Health Psychology  
Lake City, Florida  
Supervisor: Brenda Wiens, Ph.D.  
Conducted psychotherapy intake interviews, school-based and outpatient psychotherapy with children, adolescents, and their families for various presenting problems including ADHD, Depressive Disorders, Anxiety, and Stressor-Related Disorders, as well as academic problems. Coordinated with school personnel to obtain school-based resources and provide recommendations for patients.
- 08/2016—12/2016 **Behavioral Pediatrics, Advanced Practicum**  
University of Florida, Department of Clinical and Health Psychology  
Supervisor: David Janicke, Ph.D., ABPP

Conducted outpatient intakes and therapy with children and adolescents presenting with feeding and elimination disorders, as well as internalizing, externalizing, and adjustment problems related to acute or chronic pediatric illness and their families.

04/2016—06/2016

**Practicum in Clinical Child Assessment, Psychology Clinic**

University of Florida, Department of Clinical and Health Psychology

Supervisors: Brenda Wiens, Ph.D. and Cara Lusby, Ph.D.

Conducted psychological assessments and clinical interviews for children and adolescents with learning and intellectual disabilities, behavioral disorders, and various internalizing and externalizing disorders. Administered, scored, and interpreted psychoeducational assessments and prepared comprehensive psychological reports with recommendations and interpretative feedback for caregivers and teachers.

01/2016—03/2016

**Practicum in Neuropsychology, Psychology Clinic**

University of Florida, Department of Clinical and Health Psychology

Supervisor: Duane Dede, Ph.D.

Administered and interpreted neuropsychological assessments and questionnaires with adults presenting with a wide variety of medical and psychological disorders. Conducted medical record reviews, clinical interviews with patients and families, consultations with other medical providers, prepared comprehensive neuropsychological reports, and provided feedback to patients.

09/2015—12/2015

**Practicum in Medical/Health Psychology, Psychology Clinic**

University of Florida, Department of Clinical and Health Psychology

Supervisors: Lori Waxenberg, Ph.D., ABPP, Glenn Ashkanazi, Ph.D., Robert Guenther, Ph.D., and Stephen Anton, Ph.D.

Conducted clinical interviews with adults presenting with medically related psychological concerns, including chronic pain, sleep disorders, adult organ transplant, and bone marrow transplant. Conducted medical record reviews, interpreted questionnaires, and prepared comprehensive psychological reports.

06/2015—09/2015

**Practicum in General Mental Health, Fear and Anxiety Disorders Clinic**

University of Florida, Department of Clinical and Health Psychology

Supervisors: Evelyn Sullivan, Ph.D. and Peter Lang, Ph.D.

Conducted outpatient intake interviews with adult patients with various presenting mental health concerns, interpreted results of psychological questionnaires, prepared comprehensive psychological reports, and provided feedback to patients.

**Netz, M.** (April 2016). The Role of Child Responsibility for Disease Management in Quality of Life among Emerging Adolescents with Asthma. Adherence Special Interest Group, Society of Pediatric Psychology Annual Conference, Atlanta, GA.

---

## TEACHING EXPERIENCE

- 05/2018—06/2018      **Teaching Assistant, Psychological Treatment I – CLP 6407**  
University of Florida  
Supervisors: Duane Dede, Ph.D., Robert Guenther, Ph.D., and Lori Waxenberg, Ph.D.  
Assisted with conducting treatment role-plays with first year graduate students.
- 08/2018—12/2018      **Course Instructor, Child Clinical and Pediatric Psychology – CLP 4134**  
University of Florida  
Supervisor: David Janicke, Ph.D., ABPP  
Developed and facilitated course materials for 38 upper level undergraduate students, deliver course lectures, and create and administer exams.
- 08/2017—12/2017      **Course Co-Instructor, Child Clinical and Pediatric Psychology – CLP 4134**  
University of Florida  
Supervisor: David Janicke, Ph.D., ABPP  
Developed and facilitated lecture materials for 92 upper level undergraduate students, organize guest lecturers, and create and administer exams.

---

## MENTORSHIP EXPERIENCE

- 07/2018—06/2019      **Coordinator, Pediatric Behavioral Health Lab Undergraduate Research Assistants**  
Coordinate and oversee all undergraduate research assistants in the lab. Responsible for scheduling and training. Identify prospective research assistants and conduct interviews.
- 08/2017—08/2018      **Coordinator, Pediatric Behavioral Health Lab Undergraduate Professional Development Meetings**  
Maintain and facilitate monthly undergraduate professional development training. Support undergraduate students applying to graduate programs in psychology.
- 08/2016—05/2017      **Mentor, Undergraduate Honors Thesis**  
Mentored undergraduate honors student on thesis project: *Self-Management and Quality of Life in Youth with Asthma*. Helped with project development, provided support in analyzing data, and helped to give feedback on the student's thesis and poster.

---

## HONORS AND AWARDS

- 03/2019      **Office of Research Travel Award**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund travel to present preliminary findings on engagement and satisfaction with a pilot randomized controlled trial of a mobile health application.  
Award: \$300
- 02/2019      **Student Travel Award**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund travel to present preliminary findings on engagement and satisfaction with a pilot randomized controlled trial of a mobile health application.  
Award: \$300
- 02/2019      **Graduate Student Council Travel Award**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund travel to present preliminary findings on engagement and satisfaction with a pilot randomized controlled trial of a mobile health application.  
Award: \$350
- 11/2017      **Florence Shafer Memorial Award for Excellence in Psychotherapeutic Counseling**  
University of Florida, Department of Clinical and Health Psychology
- 11/2017      **Center for Pediatric Psychology and Family Studies Mini Grant**  
University of Florida, Department of Clinical and Health Psychology Awarded to fund a study examining the role of caregiver distress and food allergy management on patient-provider communication in a pediatric outpatient allergy clinic.  
Role: Principal Investigator  
Award: \$500
- 05/2017      **Alumni Spotlight**  
University of Nebraska—Lincoln, Department of Psychology
- 01/2017      **Student Travel Award**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund travel to present preliminary findings from a randomized controlled trial of a family behavioral lifestyle intervention for youth with asthma and overweight or obesity.  
Award: \$200
- 01/2017      **Graduate Student Council Travel Award**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund travel to present preliminary findings from a randomized controlled trial of a family behavioral lifestyle intervention for youth with asthma and overweight or obesity.  
Award: \$350
- 11/2016      **Geoffrey Clark-Ryan Award for Excellence in Pediatric Psychology Research**  
University of Florida, Department of Clinical and Health Psychology
- 11/2016      **Center for Pediatric Psychology and Family Studies Mini Grant**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund a study examining the role of patient-provider communication in adolescent self-management of food allergy.  
Role: Principal Investigator  
Award: \$500

- 04/2016            **Division 54 Adherence Special Interest Group Award for Outstanding Presentation in Pediatric Adherence**  
Society of Pediatric Psychology Annual Conference 2016
- 01/2016            **Student Travel Award**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund travel to present findings from a study examining self-management of asthma among emerging adolescents and their families.  
Award: \$200
- 01/2015            **Student Travel Award**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund travel to present findings from a study examining sleep hygiene and daytime sleepiness among youth with asthma.  
Award: \$200
- 01/2015            **Graduate Student Council Travel Award**  
University of Florida  
Awarded to fund travel to present findings from a study examining sleep hygiene and daytime sleepiness among youth with asthma.  
Award: \$350
- 11/2014            **Center for Pediatric Psychology and Family Studies Mini Grant**  
University of Florida, Department of Clinical and Health Psychology  
Awarded to fund a study examining self-management of asthma among emerging adolescents and their families.  
Role: Principal Investigator  
Award: \$500
- 05/2012            **Undergraduate Creative Activities and Research Experiences (UCARE) Student,**  
University of Nebraska-Lincoln  
Supervisor: Jennifer Mize Nelson, Ph.D.  
Received funding from the Pepsi Endowment based on an individual research project proposal.  
Role: Principal Investigator  
Award: \$2,000

## VOLUNTEER ACTIVITIES

- 08/2015            **Craniofacial Family Camp Counselor**  
University of Florida, Department of Clinical and Health Psychology  
Served as a camp counselor for patients and families who attend the University of Florida's pediatric craniofacial clinic.
-

**CLINICAL AND DIDACTIC COLLOQUIA**

08/2014—06/2019

**Center for Child and Pediatric Psychology and Family Studies Research Seminars**  
University of Florida, Department of Clinical and Health Psychology  
Attended weekly 60-minute presentations by faculty and graduate students focused on clinical and research issues in pediatric and clinical child psychology.
